PROFILE

I am Emmanuel , 20 , an enthusiastic Web /App Developer who loves getting the client what he/she needs and wouldn't refrain to learn something new to mirror the Client's requirements.

I've been working on Responsive Web Design and Hybrid App Platforms , as it seems to be the Need of the Hour. The Greatest achievement in my Life so far is having worked with an amazing Architectural Design Firm called **Edifice**.

I think I'm capable to handle a project related to the Web. I Hope this resume gives u a clear idea about Me.

EDUCATION

Bachelor Degree (Present | 2012-2017)

University Of Mumbai
Currently pursuing my Bachelor's Degree in Information Technology at SIES Graduate School of Technology , Nerul , Navi Mumbai , Maharashtra

Higher Secondary Education (2011-2012)

Modern College , Navi Mumbai
This is where i realised and explored my true potential with some amazing young enthuisiatic faculty members that encouraged me in learning the trending Web Technologies

Secondary Education (2009-2010)

Fr. Agnels Multipurpose High School , Navi Mumbai
My Alma Mater is where i spent most of my life so far , since Kindergarden , learning and trying to find where I fit in this huge world of ours.

INTERESTS

Research   Coding   Music   Designs   Cycling

SOFTWARE

Adobe Photoshop/Illustrator/Edge Reflow

My Creative Designs thrive on the softwares above. They bring my thoughts to the digital artboard.

Sublime Text / Atom / Brackets / VIM [Mac]

Some of the favourite text editors Ive worked on . Brackets is my favourite though.

XCODE 6.4 | Intel XDK | Intelli J | Geny Motion

The above Softwares are the Niches where I put Code to LIFE

Adobe After Effects/ Premiere Pro | Final Cut Pro

Every Video deserves the best Composition . Ive worked with some of the best video editors out there.

HTML5 | CSS3 | JQuery | Angular.js

I am pretty well versed in the above tags and can deliver the best ive got out of the box..

WORK EXPERIENCE

Edifice Consultants Pvt. Ltd.   (Freelance Basis)

Web Designer (www.edifice.co.in)
This Company deals with a wide range of reputed clients and has a pretty stunning portfolio . I was appointed the role of updating and redesigning the UI of the entire website. Web optimization was undertaken too

IEEE Student Chapter Of SIESGST (2013-Present)

Web Developer (www.ieee-siesgst.in)
The Website was designed and developed by me. Tasks such as DNS Caching , SEO , Website Speed Boosting , Server Management , Domain Registration were undertaken by me.

Diocesan Youth Center   (Freelancer)

UX Designer
Ive been working with DYC, Bandra for a while now . Ive made various Wallpaper Designs , a Few Tshirt Designs , An Autograph Book (In Progress) . Projects were done remotely and deadlines were met.

University Developer Programme (Present)

iOS App Developer
Ive Designing and Developing iOS Apps using Hybrid App Platforms as well as Apple's very own Objective-C and Swift for the past 2 years. Thus I believe that I'm well versed with its MVC patterns and logical interface .

PS : Im a Self Taught Programmer/Designer and believe that learning is not just an obligation but a way of life.
